# 2023 WELCOME

*Welcome to the 143<sup>rd</sup> Philadelphia Charity Ball!* Your participation in tonight's ball is a testament of your shared vision to carry on the mission of our beloved organization established 143 years ago. That is, to inspire and encourage philanthropy in young people and to raise funds for deserving charities. This beautiful ball, steeped in Philadelphia tradition, exemplifies the charitable spirit of our young ladies and gentlemen of contributing to our community. Let these courageous and benevolent young people, leaders among their peers, inspire us to follow their lead as they continue to choose a life in which philanthropy plays a central part.

Once again, this year's beneficiary is Special Olympics Pennsylvania. In May 1970, its first-ever competition was held with only 135 athletes participating in a small track and field competition at West Chester University. Now, in its 53rd year, Special Olympics Pennsylvania has flourished, growing into an organization that trains nearly 16,000 Special Olympics Pennsylvania athletes to compete across 54 local county programs at over 300 annual competitions in Olympic-type sports with the help of over 21 coaches and volunteers. In particular, the Philadelphia Charity Ball altruistically vows its support of "The Inclusion Revolution", a campaign launched by Special Olympics "to end discrimination against people with intellectual disabilities and to create a fully inclusive world".

## Our Mission

The mission of the Philadelphia Charity Ball is two-fold: to raise funds for non-profit organizations focused on youth in Philadelphia, and to inspire the young people of Philadelphia to make philanthropy a central part of their lives.

The Philadelphia Charity Ball is a tradition that dates back to 1881. It is a formal celebration and gathering that has raised millions of dollars for a variety of worthwhile charities over the years. Each year the Ball endeavors to build on and continue this tradition. For the first century, the beneficiaries of the Ball were the Philadelphia hospitals and the results of these events are evident throughout our local hospital system.

The Philadelphia Charity Ball is part of the fabric of the history of Philadelphia. Many past participants have gone on to assume positions in Philadelphia area charitable organizations.

I am filled with gratitude for so many people whose hard work and unwavering support are instrumental in the success of this ball. I would especially like to thank this year's debutantes, young men's committee members and their families whose involvement and generosity is greatly appreciated, the ongoing work of our committed and enthusiastic Board of Directors whose dedication, wisdom and guidance throughout the year make the ball a huge success and our talented, selfless and incredible Executive Director, Lydia Butcher, whose deep devotion and extraordinary passion make this ball possible. I would like to acknowledge and thank all the sponsors and guests here tonight. May you further guide and inspire the young people here to become future philanthropic leaders, while at the same time, help us continue to build history as part of this important Philadelphia tradition. Finally, I would like to thank my husband, Tim, and daughters, Kiley, Katie and Kiera who have supported me in this role as President of the Board of Directors for the past four years.

The beneficiary of the 2023 Philadelphia Charity Ball is Special Olympics Pennsylvania. Special Olympics is a global movement that unleashes the human spirit through the transformative power and joy of sport, every day around the world. Through sports, health, education and community programming, Special Olympics is tackling inactivity, intolerance, isolation and injustice that people throughout the world face, especially people with intellectual disabilities. The athletes of Special Olympics — more than 20,000 strong in Pennsylvania and nearly 1,400 strong here in Philadelphia — are constant reminders of all that is right with the human spirit.

The mission of Special Olympics Pennsylvania is to provide year-round sports training and competition in a variety of Olympic-type sports for children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy, and participate in a sharing of gifts, skills, and friendship with their families, other Special Olympics athletes, and the community. All training and competition opportunities are provided free of charge to the athletes and their families, enabling everyone to experience the benefits of Special Olympics that extend well beyond the playing field.
